Faculty Position Vacancy Announcement

EGYPT – JAPAN UNIVERSITY OF SCIENCE AND TECHNOLOGY
School of Energy, Environmental and Process Engineering
Department of Chemical and Petrochemicals Engineering

(E-JUST/CPE Announcement No.001)

Egypt – Japan University of Science and Technology (E-JUST) is a governmental research-oriented university, with a partnership with twelve top-ranked Japanese universities. It has good research facilities and infrastructure support. Located at New Borg El-Arab City, Alexandria, E-JUST is in the core of most massive industrial zones in Egypt.

The Department of Chemical and Petrochemicals Engineering invites applications for a faculty position at the assistant/associate/full professor level. The successful candidate will complement and add to the program’s foundational strength in the following fields:

- Materials for Chemical Processes
- Reaction Engineering and Transport Phenomena (especially person who are interested in microfluidics and microscale transport processes)
- Biochemical Engineering / Biomedical Engineering / Nanomedicine
- Petrochemicals
- Surface Engineering

Applicants should have a PhD degree in the mentioned fields, and demonstrated excellence in research and strong commitment to teaching. Faculty members are expected to develop and maintain an internationally recognized and externally funded research program, teach graduate and undergraduate courses, advise students, and undertake service activities within the university and in the professional community.

Interested candidates must apply online at http://www.ejust.edu.eg with a covering letter and curriculum vitae, research and teaching interests (philosophies) and three references (names, telephone, postal and email addresses).
